Grading Information/Deadline

To enter your students' final grades, select a grading method below. Note: "Upload Grades" should only be used to upload a .CSV file.

If you assign a grade of F (Fail) or I (Incomplete), you are asked to identify when the student last participated in class activities (e.g. joining a discussion in Canvas, participating in group project, taking a quiz, submitting an assignment, attending class physically or online.) For online classes, logging into class without engaging does not establish participation. Identify participation as one of the following

For F grades:

'Participated until Term Completed' indicates the student engaged in class activities through the last scheduled day, but earned a grade of F.
'Participated until DATE' indicates the student engaged in class activities until a specific date, then stopped participating, and received a grade of F.
'Never Participated' indicates there is no evidence that the student ever participated in class activities and received a grade of F.

For I grades:

'Participated until Term Completed' indicates the student engaged in class activities through the last scheduled day, but earned a grade of I.
'Participated until DATE' indicates the student engaged in class activities until a specific date, then stopped participating, and received a grade of I.

When you finish entering grades:

- If you're the primary instructor, change the approval status to "Approved" and click "Save."
- If you're not the primary instructor, change the status to "Ready for Review" and click "Save."

1

To enter grades, ensure that the **Approval Status** says **Not Reviewed**.

2

You can choose to enter grades through a drop-down grading option or for large classes you may upload a CSV file.

3

Roster Grade: Displays only grades assigned on the grade roster. After grades are posted, this field displays the originally assigned roster grade but is not available for updating.

4

Official Grade: Displays the grade after the roster grades are officially posted. This grade may differ from the Roster Grade (rarely) if a grade change is made after the grade roster has posted.
